Subject: RE: HAMP Meeting notes from 9-20-17

Emmanuelle,

I have a few questions on the notes:

1. What if HUC determines not to submit an application to USDA and say secures other sources of funds, would this eliminate IHS and EPA funding?
2. Confirming IHS and EPA funding first could be a strong incentive for FMCV to sign the MOA, is this line of progression acceptable? If FMCV does not sign, does this mean all IHS and EPA funds are off the table?
3. The Hopi Tribe's \$1 mil to date shows their commitment to the project, can we expect and confirm from the IHS and EPA the same upfront commitment?
4. I guess I missed this one, tell me more about the IHS and EPA application requirements, does this go to the \$1 mil (IHS) and \$2 mil (EPA) and do we apply for these funds? Or is this added money? And, what are the application requirements?

Please excuse my somewhat slower pace than the rest of you, there are many moving parts and sorting them out is a little overwhelming, eventually I will catch up, thank you.
